WHAT'S THE MATTER?

Weddings have become entirely obsolete in these parts—only one since the building of the P. & E. railroad. Why is it, then? We have a preponderance of old bachelors, widowers, and marriageable young men, all of whom manifest the greatest anxiety for a change of life. Will the ladies rise and explain?

SABBATH SCHOOL.

The Sabbath school here, under the supervision of Mr. Parrish, continues to grow in interest. Much of the success of the school should be accorded to the teachers, who never fall to attend and give profitable instructions to their respective classes. Order of exercises prepared by Dr. Raine and Ves Edwards were read last Sunday and unanimously adopted.

BIG TOWN.

Persons who reside at a considerable distance from our town can form some idea of the size of Spring Lick, when I say fiddling and tripping the light fantastic were induiged in m one portion of the town last saturday night, while preaching and praying were going on in another. Both were well attended.

PERSONAL. Miss Bettie Carter, who has been quite ill for several weeks, is still sufferling great pain. Her physician enter-tains but little hope of her recovery. Miss Jennie Davidson,a petite brunette from Breckinridge county, was on a visit to our place last week, the guest of her aunt, Mrs. Harl.

LOCAL OPTION. Your correspondent from this place, in your issue of the Dec. 17th, I am sorry to say, closed his booming letter with a few very unsavory assertions. Although the reader can see that they amount to nothing except to show hostility to the Catholic religion, yet deserve some little notice, for, if not contradicted, might lead some ignorant ones, it could deceive no others, to believe that the Catholics of this town and vicinity were an organized band of men sworn to oppose education. I enjoy the glorious privilege of being an American citizen, a member of St.

her school at Philpotts' Station, and re-turned to her home near Pleasant Ridge, gladdening the hearts of her

ld associates. Miss Adda Elgan who has been spending quite a pleasant sojourn among relatives at the Ridge, we learn will take leave for her home in Shelby county this week. Miss Adda's brief visit has made her many warm friends in that section, who will miss her pleasant conversations and smiling face.

There will be another wedding do here next Sunday, but we will not tell for fear they won't call us cousin.

Editor Herald: If you will give me a space in your paper I will send my foes some advice. I left Kentucky almost five years ago, having the right and a just cause. Remember finally that it is the duty of all good citizens to labor with a good heart, a clear mind, an earnest soul, to do all they can in building up and strengthening and making more glorious this great American people, and also that Catholics want nothing except what our glorious Constitution allows them.

Columbus, Onio, Jan. 5.

The Republican Senatorial caucus was held to-night, and Gen. James A. Garrield was nominated for United States Senator by acclamation. Major Townsend, of Athens, presented Garrield's name, which was seconded by Peter Stryker, of Cincinnati, who without the perfection, would reflect much credit upon the teachers and young ladies and gentlemen engaged. Music was furnished by the Lewis Station string band, assisted by Pig French and 'self.

An extract from a Paris paper told An extract from a Paris paper told how a rich widow bequeathed a legacy of \$10,000 to a young man who offered her his umbrella on a rainy day. Yesterday was a rainy day, and a young man saw a lone female paddling up Woodward avenue. He had an umbrella—she had none. He saw from five to ten thousand dollars lying around loose. He stepped forward, bowed politely, and asked:

"Madam, will you do me the great honor to accept of my umbrella."

Verible:

There are some fools in the Legislature who insist upon calling the ayes and nocs on every question. This costs the State about \$50 every time it is done. Another foolish thing is for the members to discuss some proposition of reduction of expenses, involving \$25, while their pay for the time they are thus engaged costs the State about \$100. Such tomfoolery and demagogue ry should be stopped. It is saving at the spigot and wasting at the bung-hole.
